

What does Grassroots America do for you?

Our Board **researches**

ISSUES, POLICIES & CANDIDATES

because YOU don't have the time to do the intense digging,
the tedious review of documents, and the questioning.

We **advocate** – getting the word out for consistent, authentic conservative candidates who earn our endorsement. [\[Click here for our process.\]](#) We work behind the scenes, helping candidates with messaging and strategy, helping them understand complex policy issues, and preparing for debates. Our team is often on the frontlines with block walking, campaign appearances, and special endorsement activities.

We work hard to **elect** those candidates who demonstrate the fire-in-the belly to win, but a lazy, disorganized candidate won't get life support from us.

The results? Grassroots America has achieved a **92% success** rate, making ours one of the most sought-after endorsements in Texas. When **Rep. Matt Schaefer** came under fire, Grassroots America was there to help him fight back, and when **Larry Smith** was the target of a mountain of serial lies, Grassroots America stood strong with him in his race to become sheriff. In statewide races, Grassroots America is cited as instrumental in propelling perceived-underdog **Ted Cruz** to victory over Texas' sitting Lt. Governor in the 2012 US Senate race and in leading the grassroots effort to elect **Dan Patrick** Texas Lt. Governor in 2014. We were there for **Sen. Bob Hall** when he took on the Austin ruling class to defeat the most liberal Republican in the state senate. These are just a few of our achievements – accomplished with an **all-volunteer (UNPAID) force**.

We are field-tested and battle ready,

but to do these things, we need YOUR support.

We need 200 sustaining donors, each giving \$20 per month.

96% of every dollar donated to Grassroots America goes directly to fulfill our mission of uniting, educating, and empowering citizens in the fight to preserve and advance liberty. The remaining 4% is the cost of compliance with state ethics and IRS rules.

Will you be one of our 200 Grassroots Liberty Fighters?
