

Release of Two Coalition Projects
Fighting for a Strong Texas!
Saving Our Historical Monuments
Fighting Toll Roads & Debt

Did you know that Grassroots America is the largest **all volunteer-led** conservative citizen action organization in Texas?

Yes, we are, and The Texas Conservative Grassroots Coalition is our primary project because **when conservatives unite, freedom wins!** Our statewide Coalition has grown **88% since 2017!**

We are building a deep and wide network of conservative Texas grassroots leaders to fight the socialist march by the Left and the squishy, flip-flopping Republicans who can't seem to find their backbones!

As Grassroots America celebrates its 10th birthday, we are hard at work in Austin with our Coalition partners fighting big government bills and pushing for property tax reforms and **true property tax relief** to help homeowners and small businesses keep more of their hard-earned money.

Grassroots America is:

- working for opportunity for all – favoritism for none; fighting to **end corporate welfare and taxpayer-funded lobbying;**
- working to take back our full **right to self-defense through constitutional carry;**
- fighting to **defend babies and the sanctity of all human life;**
- fighting to pass **election integrity and ballot security** bills to clean up our voter rolls and end election fraud. **You deserve to know your vote will count and not be stolen by someone illegally registered to vote – be it an illegal alien or a felon!**
- **standing for religious liberty** and against all efforts to censor free speech and forcing business-owners to violate their conscience when it relates to their strongly-held religious beliefs;
- taking a stand to **save our historical monuments**
- **fighting a wave of dangerous Nanny State, parental authority-threatening “mental health” bills** that will expand The State’s role in the lives of children and subject them to Big Pharma and Big Data, while being labeled unfit at an early age.

Here’s one of the most effective ways we fight – through Coalition letters to elected officials. **The compounding effect of many voices makes a big difference down at the Capitol!**

Two of our Coalition projects are being released today. Please read and use to contact your state officials. Chances are, you will NEVER hear about these issues from your local media.

Coalition Fights Expansion of Toll Roads & Road Debt: This Coalition letter is a joint effort with **Terri Hall (TURF)** and was signed by 116 political opinion leaders, representing 82 unique organizations and districts across Texas. It was hand-delivered to your state officials by Terri. Click here to [download](#) the letter.

Coalition Takes Strong Stand to Save Historical Monuments: 130 political opinion leaders, representing 92 unique organizations and districts signed this letter in support of bills that will **Save the Alamo, the Cenotaph, and other Texas historical monuments.** Hat tip to **Clear Lake TEA Party President Dale Huls** for his work on this letter. It was hand-delivered to your state officials by **East Texans for Liberty Executive Director Stacy McMahan.** Click here to [download](#) the letter.

ACT – Action Changes Things!

We do the research and the writing, so you don't have to.

Contact your [state officials](#) to let them know you support the goals of these letters.

Find out who represents you & how to reach them in two easy clicks.

Click [here](#) for names of those representing you in Austin.

Then, just click on the official's name to get contact info.
