Ten Republican Primary ballot propositions

This is an opinion poll of Republican voters – not a policy referendum or constitutional amendment (not making law); however, the outcome helps measure voter support for the 88th Legislative Session (2023) priorities.

YES = agree with statement | NO = you do not agree with the statement.

- 1.) In light of the federal government's refusal to defend the southern border, Texas should immediately deploy the National Guard, Texas Military Forces, and necessary state law enforcement to seal the border, enforce immigration laws, and deport illegal aliens. **YES**
- 2.) Texas should eliminate all property taxes within ten (10) years without implementing a state income tax. **YES**
- 3.) Texans should not lose their jobs, nor should students be penalized, for declining a COVID-19 vaccine. **YES**
- 4.) Texas schools should teach students basic knowledge and American exceptionalism and reject Critical Race Theory and other curricula that promote Marxist doctrine and encourage division based on creed, race, or economic status. **YES**
- 5.) Texas should enact a State Constitutional Amendment to defend the sanctity of innocent human life, created in the image of God, from fertilization until natural death. **YES**
- 6.) The Republican-controlled Texas Legislature should end the practice of awarding committee chairmanships to Democrats. **YES**
- 7.) Texas should protect the integrity of our elections by verifying that registered voters are American citizens, restoring felony penalties and enacting civil penalties for vote fraud, and fighting any federal takeover of state elections. **YES**
- 8.) Texas should ban chemical castration, puberty blockers, cross-sex hormones, and genital mutilation surgery on all minor children for sex transition purposes. **YES**
- 9.) Texas parents and guardians should have the right to select schools, whether public or private, for their children, and the funding should follow the student. **YES**
- 10.) Texans affirm that our freedoms come from God and that the government should have no control over the conscience of individuals. **YES**
