✓ THE TRUTH

TRUMP IMPEACHMENT

False. Chip voted NO on both impeachments. Full stop. The record is unambiguous.

LIZ CHENEY

Never. Chip defended her right to vote her conscience — as any Member may — but **immediately called for her removal as Conference Chair** when she said "Trump had no place in the party." He even ran to replace her. Her own successor, **Rep. Harriet Hageman, has endorsed Chip Roy.**

PRESIDENT TRUMP

Trump praised Chip in Corpus Christi — **"doing a great job"** — while saying nothing about Middleton, who was at the same rally. After the BBB, Trump said Chip **"is not easy, but he's good."** Trump called Chip's SAVE America Act his **"favorite legislation ever."** The Dec. 2024 Truth Social post was Trump's team responding to Chip flagging no votes for a clean \$5T debt ceiling hike — Chip was right. He helped pass the debt ceiling with spending reforms in the BBB.

AMNESTY

Laughable. Chip authored the TX Border Plan — **the basis for HR2, the first-ever Republican conference-passed border security-only bill**, zero amnesty. He secured the vote leveraging the McCarthy Speakership floor fight. The smear stems from a falsely contextualized tweet about prioritizing deportation of dangerous gang members — **the exact position Tom Homan has taken.** Chip believes all persons illegally present must be removed.

CHILD TRANS SURGERIES

Insulting and false. **Chip held one of the first hearings this Congress** on child trans surgeries as Chair of the Constitution Subcommittee, targeting Texas hospitals flouting state bans. He has led efforts to defund these procedures and expand bans. Middleton's attacks ironically argue for **more federal Commerce Clause power over Texas** — a position no serious conservative should advocate for. Chip has been endorsed by **Chloe Cole.**

MAGA SUPPORTERS

Chip never called MAGA anything. He used that word for one specific self-described MAGA influencer berating his staff over a fabricated Ukraine funding claim — when Chip was opposing Ukraine aid without first securing the Texas border. Chip apologizes for the language. **Not the sentiment.**

Harriet Hageman (Liz Cheney's replacement) · Tom Homan (Border Czar) · and the conservative record speak for themselves.
